

Ms. Shoemaker –

In response to your Third Party Complaint, filed September 19, 2025, this email should advise the conclusion of this complaint's review process.

1. Regarding your allegation that Ms. deSibour inappropriately completed a form, that complaint is unfounded. Ms. deSibour followed the appropriate protocols in her completing the form in question.
2. Regarding your allegation that your child's record reflecting that you have "Restricted Contact" - and that designation having an unnecessary negative impact on you as his mother - that complaint is unfounded. The school division has reviewed the provided court order, and has taken the necessary and exhaustive steps to fully understand the court order. "Restricted Contact" is the correct designation, and will continue to be reflected. This designation does allow you to attend parent-teacher conferences, however.

Should there be an updated court order, please provide to Ms. Gately, Red Hill's principal, for review. Ms. Gately should serve as your primary point of contact, as well, to ensure that you have an appropriate dedicated resource with whom to work through these matters.

Thanks,
Brodie
